

BTEC TEACHER TRAINING

WITH JULIE GIBSON AND IAN WOOD

Preparing you to deliver the new 2012 BTEC Level 2 Qualifications Effectively

(Art & Design, Business, Engineering, Health & Social Care,
IT, Performing Arts and Applied Science)

This course is a full day's training focusing on the **new** specifications in depth – making sure you are fully aware of the changes prior to teaching the qualification for the first time. This will cover:

- The key principles of the new qualification
- The quality assurance model associated with the new model
- The structure of the qualification
- The opportunities to achieve at level 1
- The introduction of work-related units
- Delivery and assessment models
- The layout of the units
- The use of grade descriptors to judge learner's work
- The structure and requirements of external assessment*
- Calculating the qualification grade
- Embedding English & mathematics
- Mapping the qualification to KS4 PE

*sample assessment material will be used if published
